# 5th TDM of Biologics Symposium

We are proud to announce that the **5th TDM of Biologics Symposium** will take place on Friday December 11th in the public library of Amsterdam (OBA); 5 minutes from Amsterdam Central Station.

Sanquin, Reade and the Amsterdam UMC put together an exciting program with leading voices from pharma, regulators and academia to discuss topics related to optimised dosing of biologics. We are sure we can once more offer you an exhilarating event!

Looking forward to welcoming you,
On behalf of the Organising and Steering Committees,
Dr. Karien Bloem
