Top of Diabetes Diagnostics

Theater Odeon, Zwolle, The Netherlands

This meeting will present the latest vision on the diagnostic opportunities regarding monitoring of diabetes.

State-of-the-art lectures by opinion leaders as

Prof. David E. Bruns, former editor of Clinical Chemistry
Professor of Pathology, Director of Clinical Chemistry and Associate
Director of Molecular Diagnostics, University of Virginia, Charlottesville,
USA

Prof. Garry John, consultant and honorary professor Clinical
Biochemistry
Head of Clinical Biochemistry and Associate Medical Director (R&D)
Norfolk and Norwich University Hospital, UK

Prof. Andrea Mosca
Prof. di Biochimica Clinica e di Biologia Molecolare Clinica,
Università degli Studi di Milano, Italy

Prof. James O. Westgard, co-founder and principal in Westgard QC inc.
Emeritis professor Department of Pathology and Laboratory Medicine,
University of Wisconsin Medical School, Madison/WI, USA

in theater Odeon at the historic center of Zwolle which will trigger your
senses to a high level.

On top of this, during the lunch break a musical intermezzo will enlighten
your spirit.

We invite you to let yourself into this world with the best of diabetes
diagnostics, beautiful location and a musical surprise.

We hope to see you on 20 September in Zwolle!

On behalf of the organisation committee,

Dr. (Bert) L.D. Dikkeschei
Dr.ir. (Robbert) R.J. Slingerland
